

## ***INTISARI***

Abstract: Penelitian ini bertujuan untuk menguji pengaruh tata kelola perusahaan, tanggung jawab sosial perusahaan, dan kinerja lingkungan terhadap nilai perusahaan pada BUMN tahun 2010 – 2014. Objek dalam penelitian ini adalah BUMN yang terdaftar di BEI sertamengikuti PROPER tahun 2010-2014. Dalam penelitian ini sampel berjumlah 31 BUMN yang dipilih menggunakan metode *purposive sampling*. Alat analisis yang digunakan dalam penelitian ini adalah analisis regresi berganda.

Berdasarkan analisis yang telah dilakukan diperoleh hasil menunjukkan bahwa kepemilikan institusional, jumlah dewan direksi, proporsi dewan komisaris independen, dan ukuran komite audit tidak berpengaruh terhadap nilai perusahaan. Tanggung jawab sosial perusahaan tidak berpengaruh terhadap nilai perusahaan. Kinerja lingkungan tidak berpengaruh terhadap nilai perusahaan.

**Kata kunci** : tata kelola perusahaan, tanggung jawab sosial perusahaan, kinerja lingkungan, nilai perusahaan.

## ***ABSTRACT***

*Abstract:* This research aimed to examine the influence of corporate governance, corporate social responsibility, and environmental performance to firm value on State-Owned Enterprises and measured by PROPER 2010 – 2014. The object in this research were State-Owned Enterprises listed in Indonesia Stock Exchange the period 2010 to 2014. Sample in this study were taken by using purposive sampling technique so that obtained a sample of 31 State-Owned Enterprises. Data analysis used in this research was multiple regression.

The results showed that corporate governance proxied by the proportion of institutional ownership, the number of the board of directors, proportion of independent commissioner board, and number of audit committee had a negative effect on firm value. The result showed that corporate social responsibility had negative effect on firm value. In other side, these results proved that there was negative effect of environmental performance on firm value.

**Keywords** : corporate governance, corporate social responsibility, environmental performance, firm value.
