

Lampiran 1

Progam lingkungan ODA yang dilakukan pemerintah Jepang di China

Grant aid cooperation

- {1} the project for the establishment of Japan-China Friendship Environment Protection Center
- {2} the project for Improvement of Forestation Equipment for Conservation of Water and Soil in the Upper Stream of the Hanjiang River
- {3} the project for Improvement of Dikes in Yangtze River

{4} the project for Improvement of Environmental Information Network

Project-Type technical cooperation

- (1) China Energy Conservation Training Center in Dailian
- (2) The Watershed Management Training Project on the Loess Plateau in the People's Republic of China
- (3) Hubei Province Forest Tree Improvement Project
- (4) Forest Protection Research Project in Ningxia-Hui Autonomous Region in the People's Republic of China
- (5) Forestry Development Project in Fujian Province of China
- (6) Technology for the Control of Waste Gases in the Petrochemical Industry
- (7) Environmental Protection and Safety Training Center of Coal Industry
- (8) The Japan-China Friendship Environmental Protection Center Project
- (9) The Integrated Wood Utilization Research in Heilongjiang
- (10) The Research Center for Water Pollution and Water Re-Use
- (11) The Pilot Scheme for Technological Development on River Information System Project in China
