Kata kunci: Modernisasi Sistem Administrasi Perpajakan, Motivasi Membayar Pajak, Kepatuhan Wajib Pajak Orang Pribadi

ABSTRACT

This research was aimed at examining and obtaining empirical evidence about the effect of modernization of tax administration system from the aspect of modernization of organization structure, modernization of organization procedure, modernization of organization strategy, modernization of organization culture and motivation to pay tax towards compliance of individual taxpayers in Pratama Tax Office of Purworejo, Central Java.

The samples of the research consist of individual taxpayers who are listed in Pratama Tax Office of Purworejo, Central Java. 100 questionnaires were distributed to 100 individual taxpayers. There were 96 questionnaires which could be processed. This research employed convenience sampling method.

The method used to analyze the data was double linear regression using SPSS 23.00. The data were analyzed using classical assumption: normality test, multicollinearity test, and heteroscedasticity test.

The result of the research shows that modernization of organization structure, modernization of organization culture, and motivation to pay tax has positive effect towards compliance of individual taxpayers, but modernization of organization procedure and modernization of organization structure do not affect compliance of individual taxpayers.

Keywords: Modernization Of Tax Administration System, Motivation To Pay Tax, Compliance Of Individual Taxpayers
