## Acknowledgement

My name is Firas Yumniamatillah, the researcher of this study saying Alhamdulillah. I am very thankful and grateful to Allah SWT for giving the opportunity, strengthening my heart, and answering my prayers, so that I can finish this *Skripsi*. I also say thank to my prophet, Muhammad SAW, who has been a great and inspiring role model with his story. It is one of the achievements that I am really proud of because I have given all the best I can on this *Skripsi*.

I want to say thank you to my parents, my father and my mother, for everything they have done and given sincerely and tirelessly. Their love, their prayers and their sacrifices have made me reach this point of life. Even though I can say it in person, I want to say I love you so much. Then, my younger brother and younger sisters, by their existence, have made me a better big sister, and hopefully I can be a good role model for you. I do not forget as well to say thank you to my big family that give me support, suggestion and prayer.

There is a big thank I do not know how to say it. I give it to my supervisor, Mr. Puthut Ardianto. Thanks a lot for the patience, motivation and guidance. You are the real MVP (Most Valuable Player/Person) of this achievement. I also want to say thank you to all of the lecturers of PBI UMY and the staffs of PBI, FPB and UMY for the countless helps. You deserve a reward for it.

For all my friends who are always there by their support, help and even their existence in my life, I am glad I have you all, Tapak Suci Universitas Muhammadiyah Yogyakarta, Celestial, EED UMY 2012, and MA As-Salaam. Sorry that I can mention your names and the order of the names does not mean anything like chart. You are my family from other families. Thank God, I have you all this whole time.

Last but not least, I want to say so much thanks to the participants of this study. I could not finish this *Skripsi* without your participation and cooperation. Because all of your names should be pseudonymous, I cannot mention your names. I want you to know that your helps mean a lot for the work of my *Skripsi*.

## Abstract

Difficulties in speaking English specifically for the first year students have become a problem that is sustainable. Seeing that phenomenon, this study aimed to see the difficulties in speaking English among the first year students of English Education Department of Universitas Muhammadiyah Yogyakarta. In this research there are two research questions namely ‘what are the difficulties faced by the first year students of English Department in speaking English?’ and ‘what factors cause the difficulties in speaking English among the first year students of English Department?’ This research adopted a qualitative approach that selected a place at EED UMY and selected three students batch 2016 as the participants of this study. The participants were chosen through recommendation from every lecturer that taught the course. Regarding the difficulties in speaking English, this study revealed four difficulties, difficulty in pronouncing English words, lack of vocabulary, lack of self confident, and confusion of using grammar. Second, the factors that affected the difficulties in speaking English were lack of knowledge, lack of practicing, the attention of the audience, environment, accent or mother tongue, different writing or spelling, and the last lack of motivation.
