

ABSTRACT

Hajj is the fifth pillar of Islam. The pilgrimage of the Hajj is mandatory for the capable. The problem of Hajj in Indonesia which is the concern of many parties is the limitation of Hajj quota for Indonesia. The number of Indonesian Muslims who want to perform the pilgrimage is not worth the quota given by the government of Saudi Arabia. This study aims to determine the efforts of the Indonesian government in increasing the hajj quota in Indonesia so as to reduce the length of waiting list of hajj in Indonesia.
