Q: What is involved in planning the construction of Purworejo certified already mentioned about planning infrastructure development and infrastructure?

A: Yes, already mentioned.

Q: Infrastructure development and infrastructure existing in any development planning of Purworejo?

A: There has been a lot of development done in Purworejo regency in accordance with the planning although it is not yet 100%. Such as the construction of makeover Purworejo and Kutoarjo faces, the construction of the road in the southern circumference of Purworejo, ground breaking the construction of the Bener dam, also the development of Baledono Market in Purworejo.

Q: What is infrastructure development and infrastructure that already passed related to the new airport development issues in Kulon Progo?
A: Indirectly, the development connected with the new airport. Like make over the faces of Purworejo and Kutoarjo, the maintenance of the monument welcome to Purwodadi and Bagelen sub-districts as the border with DIY, and now the ground breaking of the dam construction in Bener sub-district. Construction of the dam is also one of the goals is to develop tourism Purworejo. But the main priority is to fix the infrastructure and infrastructure of the district itself, such as the construction of the reservoir will be used as irrigation and also the provision of raw water. In addition, the development is done to achieve the target of the RPJMD that has been ratified.

Q: What kind of Steps undertaken by the Government of Purworejo in response to the issue of the construction of the new airport in Kulon Progo in terms of equitable development, particularly in the area of Bagelen and Purwodadi Sub-districts as a town bordering the location of the construction of the new airport?

A: In accordance with the 17 approved development priorities, Purworejo government through apparatus and institutions began to implement the goals of each institution to achieve the development spread in each region, also by improving public services in each district. Until now, in some areas can be felt the impact of such development.

Q: Are there any interested investors who infuse capital to Purworejo by reason of location adjacent to the new airport of prospective candidates in Kulon Progo?

A: Yes, there are some investors who have visited the Purworejo regency and are interested to invest, especially in tourism and hospitality.
Q: Is Bapedda going to do equitable development in Bagelen and Purwodadi sub-districts?

A: Yes it's done. Distribution of development is done with maintenance at the welcome monument in Purwodadi and Bagelen subdistricts. In addition, there is also a road improvement in the southern route of Purworejo Regency, in Purwodadi sub-district which is directly adjacent to DIY.

Q: Did you do the construction of infrastructure such as paving roads, irrigation canals and other development has been completed and in accordance with the planned?

A: Yes, it is.

Q: Do you think the extent of community involvement in the implementation of infrastructure development or infrastructure like paving roads, irrigation canals, and the construction of other infrastructure?

A: So far the community is very supportive and facilitates at the course of development. So the development of infrastructure can be completed and immediately enjoyed by the community. Furthermore, the development also done on human resources in the economic field by conducting trainings for community.
