Acknowledgement

First of all, I am grateful to Allah SWT, the most merciful and the most gracious. All praises be to Allah SWT for all His blessings, so I can finish writing this to attain an undergraduate degree. Also, peace be upon Muhammad SAW, the last messenger of the only greatest teacher.

Foremost, I would like to express my sincere gratitude and appreciation to my research supervisor, Ms. Puput Arfiandhani, MA, for the continuous support on my undergraduate research, for the knowledge, her patience, and valuable advice on this work. Her willingness to spare her time so generously on her maternity leave has been very much appreciated. I could not be more grateful for having you as my supervisor.

I also would like to say thank you for my beloved parents and family for their support and encouragement throughout my study. Many thanks go to students of ELED in a private Islamic university batch 2014 who were the participants of this study. I thank all my friends and classmates, especially members of Class D of 2014 which names I cannot all mention here but whose kindness I highly appreciate. May Allah bless you always.
