

## ABSTRACT

### **The Effectiveness of Disaster Response Cadets (TAGANA) Program in Handling Disaster Emergency Response in Bantul year 2017**

*Rahmawati Husein<sup>1</sup>, Gita Marlusianti<sup>2</sup>*

Bantul Regency is an area that potentially has a high risk for natural disasters. One of Bantul Regency governmental roles in overcoming disasters is to form *TAGANA* (Disaster Response Cadets) organization. However, *TAGANA* in Bantul still has obstacles, they are; the lack of human resources as well as the lack of knowledge and disaster understanding by *TAGANA* members mainly about the characteristics of natural disasters, since handling emergency response requires an adequate team in terms of quality and quantity so the effectiveness of the program needs to be analyzed essentially related to its roles and responsibilities in the implementation of *TAGANA* emergency role.

This research ultimately aims to understand on how is the effectivity of *TAGANA* (Disaster Response Cadets) program in handling disaster response management in Bantul Regency.

This research designed in descriptive analytic type of research which describes the extent activities of *TAGANA* emergency response program and analyzes whether the program is effective or not. The primary data used were interviews with *TAGANA* team in Bantul while secondary data gained from Bantul Social Service Performance Report and Bantul District Strategic Plan.

*TAGANA* has vision and mission to achieve its goals. The vision and mission of *TAGANA* has a tight correlation with the vision of Bantul Social Service mission. *TAGANA* members in Bantul are required to know and understand the contents of the vision and mission that *TAGANA* Bantul has enacted. In carrying out its program, *TAGANA* also has many innovations so that programs run effectively. *TAGANA* in carrying out its duties concerned on overcoming disasters is focused on managing public kitchens as a priority program owned by *TAGANA*.

*TAGANA* Bantul program in disaster emergency response operations has been effective but it is necessary to increase the quantity of facilities and infrastructure owned by *TAGANA* in carrying out emergency response. *TAGANA* has basic guidelines in the implementation of its programs contained in the Minister of Social Regulation No. 28 of 2012.
