

## INTISARI

Penelitian ini bertujuan untuk memahami pengaruh independensi, gaya kepemimpinan, komitmen organisasi, integritas dan pemahaman good governance terhadap kinerja auditor pemerintah. Data diperoleh dengan menyebarluaskan kuesioner kepada auditor pemerintah yang bekerja di BPKP Yogyakarta. Para kuesioner yang menyebar ke 80 responden, tetapi hanya 64 responden yang data dapat dianalisis dan diproses. Analisis data penelitian menggunakan multi-analisis regresi linier. Penelitian ini terdiri dari variabel dependen dan independen. Variabel dependen adalah kinerja dari auditor pemerintah, dan variabel independen adalah independensi, gaya kepemimpinan, komitmen organisasi, integritas dan pemahaman good governance.

Hasilnya penelitian menunjukkan bahwa independensi dan gaya kepemimpinan tidak berpengaruh positif terhadap kinerja auditor. Dan variabel independen lain yaitu komitmen organisasi, integritas dan pemahaman *good governance* memiliki pengaruh positif terhadap kinerja auditor pemerintah.
