

ABSTRAK

Skripsi ini ditulis untuk menjelaskan bagaimana upaya pemerintah China era kepemimpinan Xi Jinping dalam meningkatkan investasi asing melalui diaspora etnis China. Pada era sebelum reformasi ekonomi, banyak masyarakat China yang meninggalkan China. Setelah reformasi ekonomipun kebiasaan warga China untuk beremigrasi tetap berlanjut, hal ini disebabkan juga karena adanya pengaruh globalisasi. Mengetahui bahwa banyak diaspora China yang berada diluar negeri, pemerintah China berusaha untuk mendatangkan diaspora China tersebut agar dapat membantu pertumbuhan ekonomi China. salah satunya dengan memberikan kebijakan visa khusus.

Kata Kunci: China, Diaspora China, investasi asing, Visa khusus, super power, pertumbuhan ekonomi.

This thesis was written to explain the Chinese government effort in Xi Jinping period to improve foreign direct investment through Chinese ethnic diaspora. Before the economic reformation period, many Chinese people found difficult to have a job and economic welfare that causing them to left China. Even after the economic reformation, the migrating habit is still continuously happening, globalization is also one of several causing factors. Knowing that there are massive Chinese population are living outside China, the Chinese government was trying to bring in those Chinese diasporas in order to boost the Chinese economic development. One of them was through free visa policy
