EXTENDED GRATITUDE

This undergraduate thesis was only possible with the incredible support from those who are meaningful for me since the start, the process, and the completion of pursuing my undergraduate degree. Nothing, but how thankful I am for having them. Words might be not enough for extending my sincere gratitude, but only through this page I dedicated this undergraduate thesis to those whom I want to wholeheartedly and personally thank:

1. The best father in the world (Iyus Rusmana) and my beloved strong mother (Rina). I just want to say thank you for always being there for me, for supporting me in the good as well as the troubling times in my life. Thank you for allowing me to grow and make my mistakes along the way. Thank you for making me stronger and believing that I could accomplish more than I ever dreamed I could. It's hard to put into words exactly how thankful I am for you and everything you have ever done for me. I was truly blessed with the most amazing parents in the world, you are not only being a parent to me, but also being a teacher and a mentor. You are reason for all the successes in my life.
2. My annoying sisters (Salma Mardhiyana and Syima Nabila). No matter how much we fight and argue at little things, both of you are my beloved sisters. You have always taken my problems as yours, thanks a lot for always being there in trouble. Dear Salma Mardhiyana, I still remember every single time you used to support me and made me laugh. Bless you, future doctor! Also Syima Nabila, even you are 10 years younger than me, you always encourage me. You are pure hearted. I hope you are accepted in your favourite junior high school.
3. Special thanks to Prof. Dr. Bambang Cipto, M.A, for his guidance and patience in advising and supervising

me during the whole process in completing this undergraduate thesis. His support and cooperativeness are the reason for the possible two months writing of this undergraduate thesis. His transferred knowledge will be beneficial for my future endeavour and may it applies the same for everyone else who taught by him.

4. Equally special thanks to Bambang Wahyu N, S.IP., M.A and Dr. Sugeng Riyanto, S.IP., M.Si as the board of examiners for my undergraduate thesis proposal. It is also to Ali Maksum, S.Sos., M.A., Ph.D and Muhammad Zahrul Anam, S.Ag., M.Si as the board of examiners in my undergraduate thesis defense examination for the substantial inputs in comprehending this undergraduate thesis.
5. My partner since Junior High School, Eldi Septia. You do so much for me that I cannot even put into words how much I appreciate everything. Thank you for being supportive with everything that I want to do. I am certainly not the same person I was when we first started talking over seven years ago, but I'm a better person today than then, with a big thanks to you for that. You have helped me grow so much and I know you will help me to improve for the better even more in the future.
6. My bestfriend, Erzalina Manda Kumara. The person who became my motivation to complete this thesis. The person who witnessed my journey since first day in college until now. Thank you for supporting me all this time and thank you for always being there when we were happy and sad. And finally, we both graduated together. We nailed it!
7. My inner circle, those whom I almost spent all my time with and who gave me the moral support; they are Lida Maulida Muslimah, Medina Safira Suma, Wynna Khalida Sekarsari, Dheanada Kusumaningrum, Nadia Atma Sholihah, Stipani Salsabila, Azka Azzahra Salsabila, Arnisa Nur Ilmita, and Wynne Khalida Sekarwangi.

8. To Fauziah Parisa. Thank you for sharing in my happiest moments; for listening to my saddest stories; for always making sure I am fed.
9. To Zenivia Dwi Adisty. You cannot imagine how much strength your support has given me during this difficult time. You have a pretty face with a pretty heart. Thank you for your thoughtfulness and your words of encouragement.
10. To Ainun Dwiyanti. She is very smart and funny. I got a lot of knowledge from her and when I was hesitant to choose the title of my thesis, Ainun helped to determine the title that suits me. You are a wonderful friend, and I appreciate your kindness, support, and generosity. Thank you!
11. Those who came all the way both to my undergraduate thesis proposal and defense examination. I will remember and keep you all as one amongst the precious memories of my college life.
