Kelebihan program ini yaitu tingginya motivasi siswa dalam menuntut ilmu, materi yang disampaikan sesuai dengan kebutuhan siswa, pemateri yang profesional dibidangnya, dan fasilitas yang memadai. Sedangkan kelemahannya yaitu belum ada kurikulum, program masih monoton, tidak ada pembiasaan sholat berjamaah, tidak merapikan tempat duduk, tidak ada kedekatan antara peserta, panitia dan pemateri.

Kata kunci : karakter religius, penerima beasiswa.

ABSTRACT

This research aims at learning the activities that support religious character education building on the Islamic guidance program of the awardee students of LAZIS YBW UII Yogyakarta, learning the methods to build religious character education of the awardee students of LAZIS YBW UII Yogyakarta, and learning the strength and the weakness of the Islamic guidance program of the awardee students of LAZIS YBW UII Yogyakarta on religious character building.

This research is a field research with descriptive qualitative approach. The data collecting techniques used were observation, interview, and documentation. Then, the data were analyzed using data reduction, data presentation, conclusion drawing, and verification.

The research results indicate that religious character building of the awardee students of LAZIS YBW UII is through Islamic guidance program which is in the form of study. The methods used in religious character building are habituation of giving infaq and shodaqoh, coming to class on time, saying prayers before starting activities, no mingling between boys and girls, role modelling of the committee and the speakers, strengthening the aqidah of the students with Islamic values, and Al-Qur'an memorization.

The strengths of this program are the high motivation of students in gaining knowledge, the materials provided suitable for the students' need, the professionalism of the speakers on their fields, and the appropriate facilities. On the other hand, the weaknesses are there is no curriculum, the program is still monotonous, there is no jamaah prayer habituation, the participants are not used to tidying up the seats in the classroom, there is no close relationship between the participants, the committee and the speakers.
