Subject: A manuscript for Publication in JTFS

Dear Editors,

We would like to submit a manuscript for publication in Journal of Fluids and Thermal Sciences (JTFS) with the title :

"Experimental Investigation on the Local Profiles of Heat Transfer Coefficient during the Steam Condensation in a Horizontal Annulus Pipe"

The authors of the paper are :

Sukamta^{a,b}, Indarto^c, Purnomo^c, Tri Agung Rohmat^c

The paper present an experimental study to investigate the heat transfer characteristics of the temperature profile and local heat transfer coefficient distributions during condensation in a horizontal annulus pipe.

We believe that the paper will improve our understanding on the development of Condensation Phenomena. We hope that paper will meet the requirement of the Journal. For any question or problem, please let me now.

Best Regards

Sukamta
