

Abstract

The Great Britain can not be detached from the history of its membership of the European Union, already recorded 43 more years United Kingdom became an active member in the European Union. In the process of the membership that emerged partly disappointment group in the United Kingdom who feel the longer the European Union increasingly tease the independence of the United Kingdom, with must obedient with all the regulations of the European Union. Therefore, the country's opinion also appeared to get out of membership of the European Union and became an independent country. The decision to expel countries United Kingdom, has invited a lot once the international community and the public on the country's own United Kingdom that supports or rejects the plan. United Kingdom referendum will be held on 23 June, and whatever the outcome of the decision later whether it survives in membership nor decided to exit will bring impact on all sectors of the economy or politics in the country. And of course, all the decision of the United Kingdom not only affects the member country of the European Union, the European Union and the international community.
