

CHAPTER V

CLOSING

A. Conclusion

LAPAS Klas IIA Yogyakarta has fulfilled the standard of health care protection based on the regulation. However, lack of facilities is the main problem of management of LAPAS Klas IIA Yogyakarta in providing health care protection to prisoners. Lack of facilities for prisoner, such as lack of medicine, lack of proper room for health care of prisoner.

B. Suggestion

Minister of Law and Human Rights should provide the proper facilities of health service in order to increase health care in LAPAS. It is also related to the budgeting, Minister of Law and Human Rights should be increase budget on health for prisoner in order to make standard facilities of health in LAPAS. Because, Good services would be better if supported by adequate facilities also.
