Research Title: Analysis of Central Bureau Statistics (BPS) Role as the Data
Provider in the Framework of Development Planning of Special
Region of Yogyakarta 2017

I stated that this Undergraduate Thesis is originally my work result. There are no other works that ever been proposed to gain Bachelor Degree in any Universities. As far as my knowledge, there is also no working result that ever published in the reference list. Moreover, if someday there are certain parties were feeling pain and report, I will responsible and overcome all the consequences.

Yogyakarta, April 17th, 2018

your fear to see the beauty on the other
side” (The Good Dinosaur)*

DEDICATION PAGES

To my beloved parents

*(Alm. Udarianto and Pudji Chunarsih), the
reason of what I become today. Thanks for
countless love, never ending support,
continuous care, and prays.*

To my brother and sisters,

*You have been my inspiration
Thanks for support, help, and pray.*

And to my friends

*Thanks for the discussion, pray, and support to
achieve the degree. I hope this friendship will be
timeless, both in this world and Hereafter.*

ACKNOWLEDGEMENTS

This thank you is long overdue. There are so many things I want to thank you for, and I'm sure I'm going to still be missing some. But here is a small token of gratitude for just being by my side in this life and making it worthwhile. My journey would not have been possible without countless blessings and the never-endings support from my family and friends. First of all I want to thank to Allah SWT for giving me this beautiful life, this experience of joy, pain, and sadness. There is nothing I could ask for more.

I deeply thank my family especially my parents, my father in the Heaven Alm. Udarianto and my mother Pudji Chunarsih for the unconditional trust, timely encouragement and the endless patience. My siblings, Merliana, Adi Nugroho and Astrid Febriana, we may fight 40% of the time, but I wouldn't want to be chased around the house with lacrosse pole or made fun of for wearing an ugly pair of yellow crocs by anyone else. You are my forced best friends. No matter how mean I am to you for no reason or how annoying you say my voice is you have to deal with and love me. I also have to do the same with you guys, but I guess that is okay with me.

Thank you to Cuma Kite-Kite (CKK): Akses, Ardhea, Hervindo, Eko Fajar, Febrian, thank you for accepting me and loving me for exactly who I am. This isn't easy for everyone else, I can be stubborn, difficult and confusing, but you guys are so amazing. Also special thanks to Tadika Mesra: Risma, Tami, Pratiwi, Desi, Unyil, Umim, Nisa, Danti and Isna for always standing by my side no matter what will happen.

Thank you to my dearest best friends Ardyan Ghandur Abiyoso and Hidayatullah Hamim, I can't even remember how we can be best friend but one thing that you guys should have known is I'm so glad when destiny brought us together. We have been through so many dramas for the past 4th year during our college life, but no matter what happen to us, we find our way back to each other. Pardon me for being so clingy all this time. I hope our friendship can last forever. PS: I put you guys name together because you had the same position in my life and I don't want both of you fight just because I wrote ghindir or dayat's name first. Hehe

My dearest best friend Meutia Akbarina, thank you for being you. You are incredible friend in my life-time, you are beautiful inside and out. I thought I just met you yesterday, we shared our dreams, and we shared our thoughts. It's more than amazing to have a friend like you in my life and I'm so grateful for that. Keep being a good mother for baby airy tant.

Rifka Noverty Pratama, I really want to write down a long description about you. But I will just keep it in my memories. You have the purest heart that everyone knows about it. Thank you so much for caring about me when no one else does. You are person that I can share my secrets to. I don't know what my life would be without you in it.

To Helmi Pratama Firmanysah, we accidentally had the same things to do lately, and I could not be more proud of us that we can through all of these things together. I have known you since I was in my elementary school and there is no a lot of change from you. You still the adorable and charming person to everyone. Thank you for the journey that we shared.

Thank you to my un-biological sister Cahya Laelatul Rizqi, you are the funniest, prettiest, cutest and incredible person I know, and I still can't believe I can share my journey with you. The journey that we had is so amazing and I can't even forget it. I learn something precious from you, to forgive people and not underestimate them. Thank you for the lesson and the knowledge that you gave to me. I couldn't ask for more to have sister like you.

Thank you to my dorm mate, Rifka, Budi, Windi, Roro, Mba Ayu, Mba Resty, Fitri, Recca, Noven and Mba Hanif. Thank you for filling my days with love and friendship. Thank you for listening to every story that I told to all of you. Thank you for taking care of me when I needed it most. Our memory in Wisma Nabila was so irreplaceable because of you guys.

Thank you to IGOV 2014, Dyah Egha, Wildhan, Tiwi 97, Meylidia, Eva, Dian, Diaz, Anggit, Arum, Helmi, Bayu, Bagus, Hanan, Amien, Wawan, Taro, Chibe, Ucup, Wida, Satrio, Hazim, Nono, Nuri, Zavied, Jaya, Akbar, Indra, Aldi. My life is so blessed with some of the most amazing people. Thank you for being part of my journey. And also dear KKN 122 UMY, Rika, Lela, Eji, Noor, Danang, Rudhi, Yohan, Rizki, Waqam. Thank you for being such a nice friend for me.

FOREWORD

الرَّحِيمِ الرَّحْمَنِ اللَّهُ بِسْمِ

Bismillahirrohmanirrohim

All praise belongs to Allah SWT for all his guidance and mercy so that the author has been able to finish Undergraduate thesis titled “Analysis of Central Bureau Statistics (BPS) Role as the Data Provider in the Framework of Development Planning of Special Region of Yogyakarta 2017”. Sholawat and Greetings go to Prophet Muhammad SAW, the lighter, the greatest person as the messenger of all knowledge to Muslim and His believers. This research aimed to analyze and to identify the role of Central Bureau of Statistics (BPS) as the data provider or supporting the data for development planning in Special Region of Yogyakarta. The author realized that this research still has many weakness and imperfections, the critique, and recommendations for greatness in the future are hoped. Moreover, I hope it can contribute as the reference for literature studies, about anti-party sentiment in political issues. In particular, the writer would like to thank to my supervisor Mrs. Rahmawati Husein, MCP., Ph.D. which gave the best treats as the guiding supervisor, valuable input and support throughout the entire period. Finally, I would thank my family and friends for being helpful and best spirit during my time studying at International Program of Government Affairs and Administration, UMY.
